

BBC Wales: St. David's Day Poll 2019
CATI Fieldwork: 7th - 23rd February 2019

Absolutes/col percents

Table 1
Q1VQ1 - Some people have said they would not vote in a new General Election, while others have said they would vote. I would like to know how certain it is that you would actually vote in a general election if it were to be held tomorrow. On a ten point scale if 10 would mean you would be absolutely certain to vote and 1 would mean you would be certain not to vote, how likely is it that you would cast your vote?
Base: All respondents

CATI Fieldwork: 7th - 23rd February 2019

Absolutes/col percents

Table 5

Q2VQ1 - The next few questions are about elections to the National Assembly for Wales. Some people have said they would not vote in a new Welsh Assembly election, while others have said they would vote. I would like to know how certain it is that you would actually vote in a Welsh Assembly election if it were to be held tomorrow. On a ten point scale if 10 would mean you would be absolutely certain to vote and 1 would mean you would be certain not to vote how likely is it that you would go and vote?

Base: All respondents

Table 6
Q2VQ2CB - The Conservatives, Labour, the Liberal Democrats, Plaid Cymru , UKIP and other parties would fight a new Welsh Assembly election in your area. In Welsh Assembly elections you get to make two votes. In the constituency ballot, you choose the candidate you want to represent you directly. In the regional ballot, you choose from a list of party candidates to represent your region. If there were a Welsh Assembly election tomorrow which party do you think you would vote for in the constituency ballot?

Absolutes/col percents

Table 7

Data derived from:-

Q2VQ1 - The next few questions are about elections to the National Assembly for Wales. Some people have said they would not vote in a new Welsh Assembly election, while others have said they would vote. I would like to know how certain it is that you would actually vote in a Welsh Assembly election if it were to be held tomorrow. On a ten point scale if 10 would mean you would be absolutely certain to vote and 1 would mean you would be certain not to vote how likely is it that you would go and vote?

Q2VQ2CB - The Conservatives, Labour, the Liberal Democrats, Plaid Cymru , UKIP and other parties would fight a new Welsh Assembly election in your area.

In Welsh Assembly elections you get to make two votes. In the constituency ballot, you choose the candidate you want to represent you directly.

In the regional ballot, you choose from a list of party candidates to represent your region. If there were a Welsh Assembly election tomorrow which party

do you think you would vote for in the constituency ballot?

Data excludes those who definitely will not vote (11%), don't know who they would vote for (19%) or refuse to answer (3%)

Table 10
Data derived from:-
Q2VQ1 - The next few questions are about elections to the National Assembly for Wales. Some people have said they would not vote in a new Welsh Assembly election, while others have said they would vote. I would like to know how certain it is that you would actually vote in a Welsh Assembly election if it were to be held tomorrow. On a ten point scale if 10 would mean you would be absolutely certain to vote and 1 would mean you would be certain not to vote how likely is it that you would go and vote?
Q2VQ2RB - The Conservatives, Labour, the Liberal Democrats, Plaid Cymru , UKIP and other parties would fight a new Welsh regional election in your area. In Welsh Assembly elections you get to make two votes. In the constituency ballot, you choose the candidate you want to represent you directly. In the regional ballot, you choose from a list of party candidates to represent your region. If there were a Welsh Assembly election tomorrow which party do you think you would vote for in the regional ballot?
Data excludes those who definitely will not vote (11%), don't know who they would vote for (18%) or refuse to answer (3%)
