DRAFT
DOCUMENTATION OF
THE BLAISE QUESTIONNAIRE**

Notes:

1. This is a documentation of the Blaise program. Not all variables that appear here are on the SPSS file. (Those that are not are marked with a '\$'). Similarly, not all derived variables that are on the SPSS file are mentioned here. See also separate documentation of derived variables.
2. Unless otherwise specified, 'Don't Know' is code 8 for single column questions, code 98 for two column questions, and so on.
3. Unless otherwise specified, 'Refusal/Not answered' is code 9 for single column questions, code 99 for two column questions, and so on. Where there is an explicit 'Refusal' code (usually code 7 or 97), then code 9 (or 99 and so on) is reserved for 'Not answered' only.
4. Sections in brackets and italics were textfilled as appropriate on the interviewers' computers.
5. Routeing instructions appear above the questions. A routeing instruction should be considered to stay in force until the next routeing instruction.
6. '(NOT ON SCREEN)' means that the question did not appear on the interviewers' or editors' screens. '(EDIT ONLY)' means it appeared on screen for the editors but not the interviewers. Individual codes marked 'EDIT ONLY' were used by the editors to reclassify 'other' answers.
